Executive Director

Division of Oil, Gas and Mining

JOHN R. BAZA
Division Director

September 27, 2011

TO: File

THRU: Leslie Heppler

FROM: Paul Baker 

SUBJECT: File Retired, Bluffdale Sand and Gravel, Bluffale Sand and Gravel #1, S/035/0021, Salt Lake County, Utah

Bluffdale Sand and Gravel was the operator of the referenced mine but has not been registered to do business in Utah for several years. They disturbed—without first submitting a Notice of Intention—approximately 63 acres for which they were issued a cessation order on March 17, 2005. A portion of the disturbed area was eventually permitted as a small mine then reclaimed, but they never submitted a notice for a large mine before selling the property and closing the operation.

Other operators have had various permits in the area since that time, but the Division now has a Notice of Intention to Commence Large Mining Operations from Staker/Parsons which covers nearly all of the area that was disturbed by Bluffdale Sand and Gravel.

Because Bluffdale Sand and Gravel no longer exists and because of the permit application from Staker covering all but a small portion of the disturbed area, this file should be retired.
